

Content of the Project

1. Project objective

To develop a comprehensive credit card weekly dashboard that provides real-time insights into key performance metrics and trends, enabling stakeholders to monitor and analyze credit card operations effectively.

2. Data from SQL

Import data to SQL database

- . Prepare csv file
- . Create tables in SQL
- . Import csv file into SQL

3. Data processing & DAX

4. Dashboard & insights

5. Export & share project
